# QUALITY POLICY

A Quality Management System establishes a framework of good business practices that honour core values and facilitate accomplishing strategic business objectives:

## Our Core Values

Core values are the foundation of all business processes. It includes:

**Excellence. Community. Sustainability.**

## Our Strategic Business Objectives

Kreon's business objectives and strategic intent can be defined as:

### BRILLIANCE

Kreon aims to create & improve:

- Effective & efficient business processes.
- A healthy, conducive work environment.
- Competent & responsible resource management.

### SOLUTIONS

Kreon endeavours to:

- Develop & implement ground breaking technology as part of product-solutions.
- Unique specialisation ability, in-house technical ability & local expertise.
- Contribute to a better & sustainable future.
- Achieve customer- & project requirements.

### PARTNERING

Kreon is committed to:

- Honouring our customers.
- Cultivating a flourishing unit of healthy colleagues.
- A team-approach when engaging with suppliers & share-holders.
- Nurturing long term relationships with all partners in our business.

## Our Commitment

At all functional and operational levels Kreon Technology is committed to ISO 9001:2015 and the good business practices it encourages.

The Quality Management System shall be reviewed regularly and improved continually to satisfy the core values and objectives set out by the Quality Policy.
