

Louis le Roux

Financial Director

Louis le Roux graduated from the University of Pretoria in 1985 with a BEng (Electronics). After two years military service he started his career at Kentron, a Division of Denel in 1989, where he remained until 2001. During this period he completed a MEng (Electronics) at the University of Pretoria, and a MCom (Business Management) at UNISA, majoring in Financial Management. He has been with Kreon Technology since 2001.

During his time at Kentron, Louis established himself as an embedded hardware specialist, primarily in the field of Digital Signal Processing (DSP). He completed many projects that utilized various microprocessors, CPLD's and FPGA's.

Today Louis is responsible for the establishment of hardware technologies, methods and tools within Kreon, as well as for the mentoring of young engineers.

Louis can be contacted on louislr@kreon.co.za
